MEMORANDUM FOR MR. HARRISON G. HEDGES
Personnel Director
Central Intelligence Agency

In connection with the preparation of a FY 1956 budget for the Operations Coordinating Board staff, a question has arisen with respect to the Central Intelligence Agency's current policy in assigning officers, including [REDACTED] to a position of lower equivalent than the rank the officer holds. If, for example, [REDACTED]

25X1C4a

25X1C4a

25X1A

[REDACTED] other officer where the rate of compensation is less than that fixed for a GS-15 position, were under consideration for assignment to a grade GS-15 on the Operations Coordinating Board staff and no supergrade position were available, would there be any prohibition from the Agency's standpoint to such an assignment? Of course, no reduction in compensation would be involved in such an assignment.

An early statement of the Agency's policy on this matter will be appreciated.
